Aileen's Message

HSFAG PRESIDENT, AILEEN KANESHIRO

Mahalo to Debby Gayagas whose patience and well-stocked supply of eyelash yarns kept lei makers busy and productive throughout the April meeting. It's one of those great relaxing nights where everyone who participated probably went home with a beautiful finished product! No two lei turned out exactly alike. I was very impressed by the variety of finished lei as each had its unique texture as well as color depending on the yarn choices that were made.

The June Upcycle challenge meeting (and potluck!) is just around the corner—hope you have started on something. If not, there's still time to get cracking—especially since you don't have to shop and spend money on your materials. Just check out your closets, chests, and drawers for that “one day I'll get to that” project.

May Program:

There will be no meeting at the Museum of Art School at Linekona in May. Those of us who purchased tickets already will be attending the Bon Voyage HCC Fashion Show at Aloha Tower, Pier 11. The show will feature the students of the Honolulu Community College Fashion Technology Program including our members Sue Larson and Charlotte Szarmes. Here are some important things to keep in mind:

- Doors open at 5:30 The show itself starts at 7:30
- If you paid for your ticket and don't have your ticket in hand, it will be at the will call table
- Park across the street at the Topa Tower on Ala Moana Blvd.—it's a much shorter walk than the regular Aloha Tower parking lot. The cost will be \$5 with validation.
- The cost of the ticket includes heavy pupus—which is guaranteed to satisfy any appetite

15% w/membership card - excludes classes/specials

1152 Koko Head Ave.
Honolulu - 96816

3) A most wonderful monthly newsletter.

Wsfag Summer Challenge - June 2018

This year's challenge is to recycle/repurpose something you have. Traditionally, this meant mending, refinishing, and/or changing an item to be more useful. Upcycling is the process of converting old or discarded materials into something useful and often beautiful. In other words, bringing obsolete or no-longer-used objects back to life.

Proposed Timeline for Challenge Projects
February -- March 2018: Take a picture of the item you will be recycling/refurbishing/
March -- May 2018: Work on your project; perhaps keep a journal of what you have done
June 2018: Present your finished project to those present at the meeting & potluck.

REMEMBER there's a prize for the person whose project is voted "The Best"!

PICTURE DIRECTORY:
